Planned Giving Council of Cape Cod Mentoring Program

The Planned Giving Council of Cape Cod is launching a formal mentoring program at our annual Cape Cod Philanthropy Day which can assist newcomers to fundraising with experienced professionals.

A mentor can provide professional career advice, share fundraising tips learned through experience or offer suggestions for professional development. Mentees are responsible for making the initial contact with assigned mentors. All mentors should be available for at least one individual meeting with mentees during the year and at least two phone calls.

No other formal structure will be put in place other than the Philanthropy Day Committee acting as a clearinghouse.

Who benefits from having a mentor?

- Anyone with less than five years of fundraising experience
- Career changers moving from the profit to the non-profit sector
- New fundraisers to Cape Cod

Please indicate if you would like to be assigned a mentor. You will be notified prior to Cape Cod Philanthropy Day the name and contact information of your mentor.
